We begin with some miscellaneous BS between Julia and Justin driving around, followed by an artsy montage consisting of her trying on clothes and posing in front of a mirror showing some seriously devastating long legs while draped in lingerie that is seriously crimson. Raincoaters will probably not care for this but it's an intro befitting someone of Julia's stature.

Start with a POV BJ, followed by another long BJ segment with tit-fucking added. He invades the pussy, and holds her legs in a V-shape. Julia is very flexible. He eats her for a while, puts in back in and then goes to a far-too short doggy. Next it's another bj and a very hot RC. Then it's off the couch and onto the zebra rug for a slightly longer doggy, and more missionary work. Finally another POV BJ in which he unloads completely in her mouth. Otherwise, it's Very Hot 40 minutes.

Baltimore's smoky-voiced Druuna -- adult's go-to girl for big butt MILFS who love interracial -- shows us her fine MILF ass both in jeans and naked. She takes on Deep Threat with a bj, doggy, bj, cowgirl, spooning, more cowgirl, and then a great facial that pastes the left side of her face completely!

Druuna moans throughout the scene, she's really into it. Very hot, running time: 35 minutes.

I have never seen Summer Storm before and there's not much intro time given. She and Nat Turnher start right away, him fucking her with stand-up doggy, followed by a bj, and a doggy on the couch, She's got a nice body: nice tight ass, great natural tits, and a white trash accent you could cut with a knife. After some spooning, and cowgirl, he dogs her right on the floor and plasters her face. Good scene, 17 minutes.

One might be forgiven for wondering why Tatum Reed is here: the somewhat generic-looking brunette doesn't look like a MILF and her butt is unimpressive. She does some great gagging on Nat's cock, which he repays by ramming her from behind while she bends over on a couch. Cowgirl, mish, cum shot and this one's also wrapped up in 17 minutes. Good scene.

Ms. Lady (sometimes referred to as Miss Lady) is next. Holy shit, that's an ass that'll make a dude rob an armored car. While some may say fishnets are passe', she's still rockin' em to death. Nat spends a few minutes playing with those fleshy globes She does a serious number on his dick lapping the head with her tongue a number of time. She could give blowjob clinics -- to at least half of the new girls in porn these days. Cowgirl, doggy, squirt in the mouth and we're done.

Ms. Lady is so hot looking, you won't even notice that she barely removes her lace-tank top during the entire scene. She's got awesome eyes that caress the camera even as she's caressing Nat's dick during the bj. This was a very hot scene, but falls just short of greatness. Ms. Lady is not very energetic, letting her ass carry the scene. And no doubt about it, that caboose can certainly carry this scene (and probably a lot more). But one gets the sense of a "punching-the-clock" attitude from her. This one falls just short of greatness. 33 minutes.

Switch to disc two and we get Syren De Mar. I've only seen her a few times and normally she's not the level of star I'd expect to be getting a 50-minute scene. Well you know that cliché about "That's why they play the games on the field" ?. Syren puts in a top notch effort that is THE best scene on this disc. (Sorry Julia) Opening has her posing and trying on things like hot pink pants and some blue stretch pants.

Justin doggies her against the wall, bj, mish, and then Nat comes in and joins in and they screw her mostly with cowgirl combined with bj. Ends with her swallowing both men whole. Great scene. Like I said, best on the disc, among one of the best IR scenes of the last three years.

Overall, BBM2 is absolutely worth renting and depending on your feelings of the girls and Justin's deliberately "slow heat" style -- worth buying. Syren, Druuna, and Julia Ann rule this package. Ms. Lady's blowjob is excellent, but she's still missing a certain spark. Summer and Tatum are just OK,
