The Little Details

Running Time: 153 min.

Production Date: 12 / 1, 11, 16 / 2006, 1 / 5, 17 / 2007

Director: Zak Wylde

Cast: Darryl Hanah, Kayla Synz, Kelly Leigh, Porscha Ride, Syren Demer, Jenner, LT, Rick Masters, and Van Damage

The Short Story

Initial Expectations: I've only seen a few of Zak Wylde's movies, but he's had some very nice things going for him. Adding these hot MILFs and anal action makes me more than eager to check this one out.

Initial Reaction: It's a darn good anal MILF movie.

Who Should Watch It : Fans of anal MILF action

Who Should Avoid It: Anybody wanting anal MILF action that tries to see how nasty it can get for the sake of nastiness or age play porn

The Technical Stuff

Audio /Video Quality: The technical aspects are pretty well done. The audio is clear and well balanced through most of the release, but there are several places where the audio seems to disappear for a moment and then returns. There's also a couple background noises which sound quite a bit like cell phone ring tones. The video is presented in the full frame format, and looks quite nice. There's barely any grain and although the lighting gets a little low in a few places, it never drops so low as to completely interfere with the scene or feel overly sloppy.

Music: None

False Advertising: The boxcover lists behind the scenes among the extras, but I couldn't find any listed on the DVD. I'm deducting a half point from the overall score because of this.

Menus: The main menu nicely works together a clip of the boxcover, a little animation, and a clip from the movie for a pretty good first impression. The chapter menu is nicely done, and lets you choose a scene based on a small clip of each scene as well as the name of the lovely lady in each scene.

The Feature

Mommy Dear Ass keeps things simple. Each scene focuses on one older woman with one guy. Zak lets the ladies show off to start their scenes and sometimes interacts with them a bit before letting another guy take over and work over each of their holes. Yes, it's simple, but this isn't exactly rocket science no matter how many hacks there are in Pornoland.

Scene 1 – Darryl Hanah and LT

Darryl starts things out in a black skirt and jacket over a sexy red and black bra, panties, and garter belt with black stockings. She pulls her panties aside to play with her pussy and lifts up her bra to show off her titties before slowly stripping down to show off her very nice body while playing to the camera nicely. Darryl plays with her holes for Zak before LT arrives to grant her wish for a big chocolate cock up her ass. He plays with her pussy while she gropes his cock and then worships her from behind and licks her ass a bit when Darryl turns around. LT breaks out his cock to slap it around Darryl's ass, and can't resist sliding it into her pussy before she even has a chance to suck it. Darryl finally gets her chance to mouth his meat after he fucks her a bit, and makes sure to give him plenty of great eyes and a bit of her throat. She helps LT strip down before climbing up to show off her ass with a cowgirl ride, and then sucks him clean again before lying back so he can fuck her ass missionary style. They nicely pick up speed as he reams her rectum, and Darryl kicks up the nasty quite nicely with a good taste of her ass from LT's cock before sliding it back into her ass reverse cowgirl style. Finally, Darryl drops to her knees to let LT stroke himself into her eager mouth so she can play with it and swallow it down.

This is a smoking hot scene. Darryl looks fantastic, and does a great job taking it in the ass. There's great chemistry and banter between her and LT, and it seems to urge both of them on quite well. The thing that really stood out to me, however, was Darryl's facial expressions. She plays a full range of expressions, and the camera captures them all extremely well to really kick the scene up. Darryl was one of the main reasons I picked this release up, and she definitely made it worthwhile.

Scene 2 – Syren Demer and Rick Masters

Dark haired Syren starts her scene out in a dark purple robe that she slides off to show a great natural rack as well as several tattoos. She chats with Zak as she shows off before Rick moves in looking downright scary to start kissing his way around her. He eagerly laps at her holes Syren urges him on before letting her suck his cock just as eagerly. Syren lies back so Rick can fuck her missionary style, and after giving her the bone a bit Rick moves back in to lick her pussy while fingering her ass. She turns around to show off a very nice booty before letting Rick lick and fuck it from behind. He moves on to spoon her ass while she plays with her clit, and moves around so he can suck her tits while fucking her ass. Syren sucks his cock clean before sliding her shitpussy back over his shaft reverse cowgirl style and then lets Rick fuck her pussy as they stand up facing each other so they can look into each other's eyes and kiss. Finally, Syren drops down and lets Rick pop across her tongue while looking up at him with playful eyes before she sucks out the last little bit and swallows it down.

This is another hot scene. Rick can come off as darn creepy to me, but Syren really seems to be into him here. She looks like she's turned on by his looks as well as how he fucks her, and puts out some very nice vocals throughout the entire scene. There's a wonderfully easy and natural feeling about Syren that I really liked, and the anal seems just as natural to her with the ass to mouth coming off like no big deal as long as Rick would like to see her take it. The only thing that really stood out to me about this scene that held it back at all would be that it gets a little heavy on the gyno-cam shots. Even with that minor complaint, this is a hot scene with a very nice feeling about it.

Scene 3 – Porsha Ride and Jenner

Porsha, a good looking dirty blonde, lets Zak admire her great ass from behind the camera

before she slides into a bubble bath and talks about loving being fucked up the ass. She shows off for him a bit in the tub before moving up to the edge of the tub and masturbating for him. They continue to chit chat until Jenner arrives and lets Porscha start mouthing his cock. He has her get out of the tub and turn around so he can admire her ass and work it over with his fingers before they move to the bedroom where the camera continues to eat up Porscha's ass until Jenner takes over at it. He moves in to fuck her pussy from behind before stretching out her ass with his fingers while she holds a toy on her pussy. It doesn't take Jenner much longer before he starts spearing her ass from behind, and they keep it going with a bit of anal spooning and an anal cowgirl ride. Porscha makes sure to suck him clean before moving on to the mandatory reverse cowgirl and fucking each of her holes missionary style. Finally, Porscha gets up and has Jenner pop in her mouth so she can swallow it down.

This is a darn hot scene. Jenner is a guy who doesn't really do much for me either way as a cocksman, but Porscha made a great first impression on me. She has a great body and takes it in the ass extremely well. She also puts out some nicely natural vocals and has a great smile and attitude through the scene. This is a very nice scene with some nice heat.

Scene 4 – Kayla Synz and Van Damage

Smoking hot bottle blonde Kayla starts the penultimate scene in a little sexy black lingerie complete with stockings showing off for Zak. She plays with herself while stripping down a little before showing him just how much she loves to suck cock when Van shows up with a good hard one. Kayla takes her time sucking him before laying back on the bed for him to start fucking her pussy missionary style. Kayla rolls to her side as Van fucks her, and sucks him clean before riding him cowgirl style. She turns around to reverse cowgirl for Van to fuck her ass before sucking it off and letting him fuck it doggie style. Finally Van pulls out and pops on Kayla's ass so it can run down into her gaping asshole.

This is a pretty hot scene. Kayla's a darn hot chick, and she plays the mommy angle nicely here. She puts out some very nice vocals and good energy that seems to match the vocals. She takes it in both holes very well, but the lack of a facial at the end did hold it back slightly for me. This is a hot scene that nicely lived up to my expectations for Kayla.

Scene 5 – Kelly Leigh and Rick Masters

Kelly, who looks like she might be the oldest MILF in the movie but claims to only be thirty nine, starts out in a little red outfit with black stockings who quickly bends over to show some of what she brings to the movie. She plays with her holes for Zak, and when she lets him know that she might squirt if she can suck on a cock she's soon after joined by Rick and goes right to sucking. Rick eats her pussy in return before having Kelly turn around so he can fuck her doggie style. She gives him a little more oral attention before riding him cowgirl style, and sucks him clean again before letting him spoon her ass. They also get in a bit of anal missionary work before Kelly has Rick spray his seed over her face.

This is another pretty good scene. Kelly's look didn't do a lot for me, but she does get into the scene very nicely. Creepy as Rick seems in the movie, she has nice chemistry with him and her vocals make it sound like she's very into him and what he's doing to her. This is a pretty hot final scene.

Mommy Dear Ass is a darn hot anal MILF movie. Unlike so many other MILF movies, you never get the feeling that some of the MILFs here and just twenty year old girls dressed up a little different, and it also lives up to it's *100% Anal* cover claim very well. Going into the movie, I was drawn in by Darryl Hanah and Kyla Synz, but Syren and Porscha did every bit as great of a job throughout the movie. For the cast, the only thing that's really disappointing is the male cast. They all deliver a good hard cock and some good chemistry, but in the looks department they definitely lack a bit. As for the direction, Zak does a very nice job both capturing the action and getting the ladies to open up with their teases at the start of each scene. My only other complaint is that the 'mommy' angle could have been played a bit more. The girls are all

dressed nice and sexily, but I think a more professional or homemakerish angle would have worked nicely for a couple scenes before they stripped off a layer to show the sexy things they were wearing underneath. That said, if you want anal MILFs, Zak Wylde and *Mommy Dear Ass* are well worth checking out and should give you just what you're craving.

The Extra Stuff

Trailers are included for *Domination Zone*, *Cumaholics*, and *Big Phat Onion Booty*. The photo gallery lasts nearly six minutes with about seven seconds per okay looking snapshot. There's also cumshot recaps and weblinks.

The Down -n- Dirty Sex Stuff

Themes: Straight, tease, anal, interracial, rimming (male > female), ass to mouth, swallowing, and toys

Raincoat Factor: Very high

Condom Usage: None

The Bottom Line:

Currently, many of Combat Zone's DVDs can be found online for between about \$14 and \$25 with most stores offering them for under \$20. If you're a fan of anal MILF action, this one should be well worth the money. The sex is hot and pays some very nice attention to the entire sexual journey rather than seeing how quick it can get to the fucking and then drawing it out forever. The technical aspects are pretty good, but the audio dropping out now and then was more than a little annoying. Just as annoying is the lack of extras, especially since the cover looks like there was supposed to be a little effort put into them. This is a hot movie that could have used a little more effort towards the overall DVD.

Note to Combat Zone: Please watch your cover claims better. With movies with sex as hot as this I hate having to penalize you!
