My personal pendulum swung back in the direction of the genre of MILFs and mature women in general and thus it is time to add another such title to my list. I have not seen any of the work of the ladies participating in this DVD, although I know of Kayla Quinn, who has the most extensive background of this particular cast, and Syren De Mer, who's thread I read through on the boards and she is certainly a charmer.

I decided to watch the behind the scenes featurette first this time around, providing some knowledge about the women and a connection to them beyond the lovely physical attributes. Volume five, released last year, of this Red Light District series opens with Tyann Mason, a cute, perky blonde who hails from Missouri, is a mother of 4 kids and 32 years old. She has a nice pair of fake breasts, puffy pussy and an excellent bubble butt, all put to good use in her scene with Mr. Pete. Tyann introduces herself and immediately sets to stripping, teasing and going solo for a time before Mr Pete helps out orally and by fingering her, then into vaginal in doggie & cowgirl, with some oral tossed in for good measure, then anal in doggie and spoon before a facial pop. It's a good scene with a nice, unselfconscious work from Tyann.

Next up is Kayla Quinn, Pete's camera zooming up behind her and he and Kayla then verbally spar over a bet she lost and how it will be repaid. The storyline setup continues as Pete admits he also can't pay back on a bet to two guy friends of his and he promised them a woman. It's a win-win for both and happily Kayla agrees... otherwise it'd be a very short scene! I think she might be the hottest woman in this cast, showcasing my favorite kind of natural curves and the endlessly appealing sex appeal and sultriness of a mature, confident woman. And hey, check it out – yay for pubic har! When the anal action begins, she has a wonderful response in "I've been around the block so many times I know where to park it!". There is much ferocious fun here, Kayla obviously fucking them more than they fuck her, although I still can't used to Brian Surewood's stringy hair and do-rag. Great fun here from top to bottom... especially the bottom!

Smoky brunette Dakota is 42, from Vegas and has a grown daughter, so we're firmly in the titular "momma" zone here. In the intro, Mr Pete focuses surprisingly on her feet before the main body of action occurs with Mark Wood. She shows off a marvelously jiggly ass during cowgirl vaginal action, followed by oral, then doggie and missionary, which then leads into anal missionary. It's an enjoyable performance to be sure, Dakota looks very hot and engaged in the sex, though she seems to oversell it a bit at times. Energetic doggie and spoon anal all leads to the pop in her mouth. Interestingly enough, in the behind the scenes featurette Dakota notes that she has been in the industry for only two months and anal was the easiest part of the shoot.

Nikki Score's scene receives no interview with Mr Pete but instead opens with a brief hilariously overplayed domestic argument with an unknown, angry bald, foreign man (the cameraman, actually) about her shoes being on the bed, after which she blurts out that she really wants to take on two guys. I've never had a discussion with a woman about shoes which then dovetailed into talk of a threesome! She must be satisfied, of course! Nikki gives a fierce, raw, genuine and sweaty performance, happily providing dual blow jobs and opening herself up in all ways to the fellas, her scene being different than Kayla's threesome in that Nikki is

relishing being commanded whereas Kayla really directed the action in her scene. Hot DP and anal action abounds, including Nikki showcasing a squirting orgasm.

Thirty-eight years old Syren De Mar has two kids, a brilliant smile, an almost Tina Fey vibe about her and loves a good spanking. This scene is shot in San Francisco with Syren acting as location manager, showing Mr Pete around a luxurious home available for rent. The two of them flirt constantly, the sexual tension finally breaking upstairs when she seemingly seduces him into renting the house, with her body as part of the bargain. Oral favors are exchanged and Syren gives a winning, engaging performance, showing good chemistry with Pete. The hottest position for me might well be as they lay on their sides, facing each other, him laying across her legs and her being fucked first vaginally, then slowly anally. They take their time with this, Syren guiding, but soon the action heats up wonderfully, following by anal doggie and cowgirl. There is a return to vaginal fucking before Pete pops across her face and onto the couch, after which she thanks him for the wonderful anal ride and drops the rental price on the house! Apparently, Mr Pete has all the best moves...

Extras include the aforementioned BTS feature, plus a photo gallery, the only negative being the ear-splitting guitar music for the menu which blasts at full volume. This was a certainly an enjoyable and breezy video, anal in every scene, featuring good work from everyone, but especially the frisky and lively Kayla and Syren, both winners for their fans.
