Audio/Video Quality: The audio and video quality are very good. This movie is shot in High Definition. Tom Byron realizes that his actresses should have good lighting. He is a the real deal. When the actual sex action occurs, the scene remains in the color mode.

Overview: Tom Byron Pictures is the creation of porn veteran Tom Byron. It does not feel that he has been in this business for so many years. How time flies? *Seasoned Players 10* is a part of his successful Seasoned Players series. It is also an AVN award winner for Best Milf Series. He enjoys working with mature women and that could be because he is a seasoned player as well. A signature part of this series is the interview at the beginning of each scene. Tom asks several questions to each performer before they do their deed. It allows each woman to show off her personality. It is a very useful segment for the audience. However, this time Mr. Byron does not get to have sex with every woman. He ends up bringing in male stars as well. Well, at least one. Mr. Sean Michaels gets to have some sexual fun. His second male star could not make it for another scene because he was getting out of jail in Las Vegas.

Scene One: During the standard interview at the beginning of each scene, there is a separate posing session of the lovely featured starlet. In this case, it's Kelly Leigh. After their interview with Tom Byron, Kelly Leigh (pronounced as Lee) and longtime Tom Byron favorite Sean Michaels get it on. They continue to be on the sofa as they kiss. He fondles her rack and sucks her tit. Moments later, she feels his groin. Soon, she takes out his meaty plaything and provides a nice oral massage to it. A cowgirl ride follows. Their missionary adds more intensity. Their reverse cowgirl moments look good. During the doggie session, the best part is the sensation that Ms. Leigh feels running through her body. It really gets to her. She squirms. The strain on her face is very noticeable. Her lovebox is involved in a nice rhythmic motion with his manhood in the missionary activity. Then, he cums on her hungry mouth.

Maria Bellucci, Tom Byron

Scene Two: Hungarian beauty Maria Bellucci is interviewed by the pool. She and Tom discuss her interests at home. Suddenly, they are indoors where they kiss for the first time. Her top comes off. He also kisses her panty-covered muffin before tasting it naturally. Her sexy legs are highlighted when he eats her snatch. Then, a swell looking blowjob is shown. Ms. Bellucci provides a solid oral treat. The doggie activity is very good. The penile-vaginal shots are cool especially the sight of her inner pinkness. There is effective energy during the cowgirl rides. A brief mish follows and then, he strokes off on her pretty face.

Syren De Mer, Tom Byron

Scene Three: The best part of the movie occurs when the viewer gets his eyes on the lovely Syren De Mer. She is a breath of fresh air. Her interview has a lot of personality. It's very easy to fall for her. After their interview near the pool is over, she and Lord Byron kiss indoors. He fondles her bosoms and spansks her ass as well as kisses it. Her clothes come off and her beautiful body is a sight for sore eyes. Once he removes her panties, Tom orally focuses on her ass and snatch with enthusiasm. Tom Byron loves rear ends and hers is mighty fine. Then, Ms. De Mer turns around and takes command of his dick. Her sweet personality still shines. Next, the lady gets on top of him so that they can perform a nice looking 69. Her butt and tits are amazing. The doggie continues their solid effort. A good mish occurs and then, he pulls out and gives the new star a facial. Even though her name is translated to mermaid of the sea, she is someone who would never be tossed back. The viewer will want more of her.

Payton Leigh, Tom Byron

Scene Four: Payton Leigh (pronounced as Lay) and Tom Byron are sitting on the couch indoors. Her original partner, Mr. Pete, could not make the shoot on account of some legal problems in Las Vegas. Her interview is entertaining despite being shorter than originally planned. She is very likable. Afterwards, they kiss. He spanks her ass several times. Then, her clothes come off. Tom eats her pretty peach. Later, Ms. Leigh provides an energetic blowjob. A good cowgirl and reverse cowgirl humps occur. Another high energy bj follows and then, the doggie is shown. The emotional moans and groans by the pair enhance the intensity factor of their scene. Finally, he jacks off on her receptive open mouth.

Tabitha Stevens, Tom Byron

Scene Five: After a very fun-filled and insightful interview near the pool, Tabitha Stevens and Tom Byron make out indoors. He kisses down her hot body. He removes her panties and orally stimulates her cute snatch and asshole. Ms. Stevens' rear end looks incredible. Next, he does a good job in orally massaging her womanhood. Tabitha's smile is sweet. Her blowjob is a turn-on. She spends a lot of time in pleasuring his manhood both orally and manually. A non-porn star stud would had exploded by now. Afterwards, she bounces on his cock with a broad smile on her face. Then, Tom lays her on her side so that their spoonful of pleasure commences. He pumps her quite nicely. Their intensity is the best here. A doggie follows. The covergirl on the dvd fingers her asshole. Later, her ass looks amazing during the cowgirl moments. Tabitha fingers her butthole again several times. He spanks her rear end. A mish is shown. Her face shines. Lastly, he shoot his load all over her face and hair.

Final Thoughts: Tom Byron's signature interview with his stars at the beginning of each scene is a main reason why his series Seasoned Players runs away with an AVN award for years. It's a valuable vehicle for the fan to learn more about the starlet and to allow her to show off her genuine and sincere personality. On account of this process, Syren De Mer really shines through and sparkles immediately. Her sexual appetite and charisma pull the viewer in very easily. She could become the next high in demand Milf in this industry. The other two highlights are Payton Leigh and Tabitha Stevens. I was glad that Mr. Byron had to step in for Payton Leigh's original partner. I prefer that Tom make out with all of his lovely ladies in this series. If he does get some other actor, Mr. Byron should bring back that actress and he should make out with her. Therefore, the actress and the audience get to see Lord Byron do his work and not feel cheated. I **highly recommend** this movie.
