As anyone who has been reading my reviews knows that I have recently converted to MILFism and already have a love of amateur-style porn; and this movie delivers both in grand fucking style!! Let's start with Syren, a thin small breasted petite MILF with a sexuality to her you won't believe. She starts out oil wrestling a regular looking Joe for a little while, then the female Ref. also a MILF I might add, joins them for some hot oily threeway action, hot. That normally is enough the threeway but it gets nastier as they exchange sexual and oral services back and forth among them before enjoying an oil and cum cocktail facial. Next is Amber a hot MILF with a nicely trimmed V-Shape haired pussy. She meets some old guy in a hotel for some afternoon delight and gives her fit body a nice workout. She strips out of what looks like a nursing outfit gives a lapdance and oiled rubdown to the old man then fucks him to near death.. Then Sammie Sparks comes out to show us how to ride this fuck machine before getting properly fucked. Her big fake tits were bouncing all over the place on that damn machine and judging by her hair, she really had an orgasm. Next is Jennifer Steele, the "star" of the movie and rightfully so. This MILF had it all, big fake tits, great ass, and nastiness for days. First of all she's wearing thing hot string bikini looking lingerie that she really fills out eventhough it's crotchless. She does a sexy lap dance like she's done one before and sucks a cock like she's no stranger to it either. She then rides this big cock like she's a jockey at the Preakness and even takes this horse cock up the ass!! Finally, it's Mysti's turn, this big titted MILF should have been on the cover also, she can really fill out some lingerie. She does a hot striptease and lapdance before giving an awesome footjob then fucks till there's nothing left of the old man she fucked. I would have given this movie a 5 except for a few sticking points-the constant staging of the sets and actresses before and during the scenes-the irritating flashes going off every 2-3 seconds of someone taking pictures of EVERYTHING going on...

Does SHAG THE HAG sound like it's right up your alley?
